April is Child and Maternal Health Month

At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, Rotary International provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained health care providers for mothers and their children. Their projects ensure sustainability by empowering the local community to take ownership of health care training programs. Locally the Rotary Club of Franklin

continues to help support the Community Care Clinic with its efforts to provide free local health care.

Sean's Stuff

Thank you for a great turnout on Wednesday at our 5th week social. Just shows what a great group we have and having fun at what we do. Just a couple of things..if you haven't made your foundation contribution yet please see chair Jim Garner as he will make a deal with you if you are close to a next PHF or honoring someone as PHF. An easy way to contribute is through Rotary Direct. See Jim, or John Yermack and they can guide you. As we begin our final quarter I'm very proud of the great work of the greatest club there is working to solve the worlds problems locally and globally! See you next Wednesday!

Sean

'16-'17 Leadership Training

If you are involved in club leadership next

year, you are encouraged to attend the District Leadership Training Saturday May 21st at AB Tech Asheville. No cost. It's a great way to get ready for next year. Sign up on DacDb now!

Thoughts and Prayers Needed

Rotarians please keep Hoyt Massey and his family in your thoughts and prayers. Hoyt lost his son Steve on Thursday. Hoyt, we are thinking of you.

Stop Hunger This Saturday!

Just a reminder if you signed up for the Stop Hunger Now Joint Club Project please plan to arrive at Sylva First United Methodist Church this Saturday at 930a. We should be done pretty quickly. Great way to make-up a meeting! See you there!

Tell Me This Won't Happen To Us

Two elderly women were out driving in a large car - both could barely see over the dashboard. As they were cruising along, they came to an intersection. The stoplight was red, but they just went on through. The woman in the passenger seat thought to herself 'I must be losing it. I could have sworn we just went through a red light.'

After a few more minutes, they came to another intersection and the light was red. Again, they went right through. The woman in the passenger seat was almost sure that the light had been red but was really concerned that she was losing it. She was getting nervous.

At the next intersection, sure enough, the light was red and they went on through. So, She turned to the other woman and said, 'Mildred, did you know that we just ran through three red lights in a row? You could have killed us both!'

Mildred turned to her and said, 'Oh, crap, am I driving?'
