## Macon County Community Health Assessment

By John Hubsch

Rotary Club member Patrick Betancourt introduced today’s program and Lynn Baker from the Macon County Health Department (MCHD). She explained that every three years, MCHD is tasked with performing a Community Health Assessment(CHA) whereby a task force is set up to address how well the county is doing in meeting the health care needs and how well the resources are utilized in serving the population. She described this process as a collaborative one involving all of the local health care institutions. Non-profit

hospitals must also participate. At the conclusion, targeted objectives are established for the county.

A regional collaboration of 8 western North Carolina counties was established last year , to be led by Macon County, and this became known as MountainWise. Meetings were held and task forces established with the goal of interacting with all of the local partners. Three priorities were established: 1. Heart Disease; 2. Domestic Violence; 3. Economic Development. For heart disease, the focus has been on getting community donors to help provide funding for community-wide health events. For Domestic Violence, the focus has been on setting up timelines for actions to be taken and to streamline the entire response system. For Economic Development, the emphasis has been on fitness programs. MCHD continuously evaluates the success of each of their programs to see how they are performing and Lynn Baker emphasized the term “ turning the curve” is what they are aiming for whereby they can change and/or improve on the outcomes of their hard work.

## Notes From the Top

This week, we were informed of our good friend Roger Collar's passing. I can't help but remember Roger and his ever willingness to help when he was here. He was always happy to greet folks and listen to them. The first year I was in Rotary, he learned I had a blueberry farm. One day he showed up at the farm and while he liked blueberries, I realized his real reason was when he thanked me for becoming a Rotarian. We are so lucky to have our visiting and Honorary Rotarians who choose to spend time with us.

It is an exciting time in our club. When clubs are shrinking, we continue to attract new members. Please welcome these new members and make them feel needed and engage them in projects. Welcome to our newest member – Jon Ostendorf. Jon, we hope you will find something you are passionate about in our Club and get involved. You have joined over 1.2 million members worldwide.

Remember the opportunities for makeups...
