## A VIEW FROM ROTARY INTERNATIONAL

BY AG SEAN

At today's Rotary Club of Franklin meeting, the club was treated by a visit and program from our incoming Zone Director David Stovall. David will be serving zones 33 and 34 beginning July 1. David is one of fifteen directors worldwide that serve on the international board of directors in Evanston. David and his wife Kim hail from down in Georgia. David's wife served as a district governor last year. David is in real estate and lives in both Athens and Hiawasee. One of David's hobbies is flying. This is the first time in club history that a zone director has visited the club. David was very appreciative of the great work that the club continues to do.

Like the work of the district governors, the international zone director serves as a cheerleader and David's main thought today is that everything needs to be done with a vision. When David joined Rotary back in 1985, the organization had the vision of ending Polio. There were 1000 cases of polio in the world each day and the tough task was at hand. Today thanks to Rotary's vision we are able to reduce that to a mere 13 total cases worldwide and its all because of the great work of membership. Like Polio Plus your continued support of the foundation also makes a difference and can help make a vision become a reality. David suggested not to give till it hurts but to give until it feels good. David has served Rotary through international trips to India to administer vaccinations. He encouraged Franklin to continue to find that vision and put the great work of the club in motion to do great work locally and worldwide.
