Drake: Haiti Clean Water Project

Today our presenters were Paul Garner and Susannah McQuitty from 1040.com. The two work on the marketing team to promote 1040.com's smart and simple e-filing service and their clean water give back. Each year, 1040.com donates \$2 per return filed to Healing Waters International, an organization that specializes in clean water filtration systems and approaches projects with a holistic, long-term vision. In less than 3 years, 1040.com has raised more than 5 million gallons of water for people around the world, which translates to more than a year of clean water access to 25,000 people.
