WCU BASKETBALL

by Ashlie Mitchell-Lanning

Franklin Rotary hosted Mike Prosser, Head Coach for WCU Men's basketball team. Mike detailed for our club how his players focus on the ABC's of a successful college basketball team: A- Academics: The team maintained a GPA of 3.23 this past Fall semester; B- Basketball: 6-3 = completely focus their main energies on their academic days so they can come to practice with a clear mind to meet their athletic goals; C- Character and Community: The coaches model Follow-Up and Follow-through, as well as appearance, and practice common courtesy. They encourage the athletes to be about something bigger than just athletics and basketball; to impact the lives of those around you.

Coach Prosser believes that by following these ABC's his players will excel in all things -

not just basketball and their collegiality careers. He believes that if his players learn these skills and live by this motto then they will be ultimately successful and contribute greatly to their communities in a positive way.

Monday was our last scheduled backpacking event for this school year. Thanks to Lee Berger, Tim Hogsed, Judy Chapman and Patrick Betancourt for participating in the the last backpacking session.
